EXPERIENCE

Web Assistant

SFSU College of Health and Social Sciences

09/2019 – Present

San Francisco, CA

- Created and configured blocks, views, and content types for 15+ Drupal websites
- Migrated websites from WordPress to Drupal in order to streamline the user experience and establish a university wide standard for all departmental sites (ex. <https://chss.sfsu.edu/>)
- Set up staging environments to verify production readiness of sites, in collaboration with Web and Accessibility Specialists, University Directors, and Department leads
- Performed regular web content updates using HTML, CSS, and Bootstrap
- Utilized accessibility reports to ensure links, headings, and tables comply to WCAG guidelines

Basic Computer Skills TA

Tenderloin Technology Lab

11/2018 – 1/2019

San Francisco, CA

- Instructed the low-income and homeless population of The Tenderloin in basic terminology, keyboarding, internet research, MS Office, email set-up, and navigating web applications.
- Communicated effectively in a classroom environment consisting of 10 to 20 students
- Increased students' understanding of the curriculum through one-on-one tutoring sessions
- Assisted students in troubleshooting computer and hardware related issues

Administrative Assistant

City College of San Francisco Career Services

08/2016 – 06/2017

San Francisco, CA

- Scheduled meetings and maintained appointment calendar for career counsellors
 - Greeted guests in the office, signed them in, and directed them appropriately
 - Handled all incoming and outgoing phone and email correspondence
 - Assisted in coordinating event details and facilitating the Spring Job Fair
-

OTHER

- Certifications: Mendix Rapid Developer, CompTIA Security+ (in progress)
- Interests: Strategy games - Settlers of Catan. I occasionally play in East Bay meet-ups
